

July 2–6, 2007
Stockholm, Sweden

Your company is hereby cordially invited to participate as a sponsor or as an exhibitor in the joint congress of:

- **17th International Vacuum Congress (IVC-17)**
- **13th International Conference on Surface Science (ICSS-13)**
- **International Conference on Nano Science and Technology (ICN+T 2007)**
- **6th Nordic Conference on Surface Science (NCSS-6)**
- **22nd Nordic Semiconductor Meeting (NSM-22)**
- **4th Swedish Meeting on Vacuum and Materials Science (SVM-4)**

This congress will be an important global event and will take place at Stockholm International Fairs in the beginning of July when Stockholm shows itself from its most beautiful side.

The aim of the congress and the exhibition is for professionals within academic research, industry and exhibiting companies to get together, take part in recent scientific findings and to share information in the field of materials and nano sciences. We are expecting approximately 2000–3000 delegates to attend the congress.

The main topics of the sessions for the congress are:

- | | |
|---------------------------|---------------------------------|
| - Surface Science | - Electronic Materials |
| - Nanometer Science | - Advanced Surface Engineering |
| - Applied Surface Science | - Plasma Science and Technology |
| - Thin Films | - Vacuum Science |

The invited speakers will be leading researchers, several of whom are Nobel Laureates in Physics or Chemistry. New material for data storage in novel computers and frontline development in catalytic processes exhaust gas cleaners for cars are examples of presentations.

The Stockholm International Fairs is the leading exhibition centre in Scandinavia. The venue is well known for major international fairs and large global congresses and offers excellent conditions for exhibitions. You will find ideal meeting places, from small meeting rooms to large conference halls. The exhibition will be held in conjunction with the daily late afternoon poster sessions as well as morning and afternoon coffee breaks and lunches.

IVC17/ICSS13/ICN+T 2007/NCSS6/NSM22/SVM4 offers you, as an exhibitor the opportunity to meet your target group face to face and present your latest products. You will be able to create new business contacts and find new clients, no matter if you are from industry looking for new applications or from university looking for industry contacts. Also venture capitalists, public institutions and networks are highly welcome. As a sponsor you have the possibility to expose your company to the target group within the field of materials and nano sciences. There are several opportunities for you to participate as a sponsor and/or exhibitor, please find further information on the back of this leaflet and on the web sites: www.ivic17.com or www.icnt2007.se

Welcome to Stockholm 2007!
