Scientific Programme and Related Items

Programme Navigator

The Congrex Abstract Information System enables all sessions to be published on the Congress web site in a searchable format. It allows participants to search for the following information by: name of the presenter, topic, session, any word of the presentation title.

Participants can use this system to create a personal agenda for the Congress. The Programme Navigator will be installed on a series of computers in the Congress venue, also allowing participants to use it during the Congress. The abstracts will be displayed on the Programme Navigator and kept on the web site for a period of six months, allowing participants to go back and use the search facilities to find more information. Full abstract texts will be displayed when the Congress starts.

Sponsor cost: SEK 80 000
The sponsor will obtain: * Logo on all pages in the search system with a link to the company web site
* Inclusion in the List of Sponsors

Speaker's Preview Room

A Speaker's Preview Room will be available for all speakers where they shall down-load their presentation on the internal network. The room is also available for speakers to rehearse and view their presentation prior to their session.

Sponsor cost: SEK 160 000
The sponsor will obtain: * Company name and logo on sign outside the entrance to the Preview Room and to decorate the room
* The possibility to have company name/logo next to where the Speakers' Preview Room is indicated on directional signs in the Congress venue
